

Dear parents

I am happy to welcome you to BIG IDEA Gap Year program in Israel. BIG IDEA Educational projects has been creating meaningful experiences for kids and teens for the past 10 years. BIG IDEA Gap Year program is a new and only technological gap program in Israel!

Our main goal is to provide professional tools and meaningful life long experiences. Only with us they will gain a professional certificate in application development, gain work experience as an intern at tech companies and will meet fascinating entrepreneurs and high tech developers.

Our educational mission is to engage young adults to Israel, Zionism, Judaism, Tikun Olam and to guide them through their meaningful journey in Israel. Five month long experience BIG IDEA Gap Year gives them the platform to create, explore, dream, travel and grow to be independents and caring citizens.

I am thankful for the opportunity I have to meet your sons and daughters in Israel and to be a part of their most meaningful time of their life in the StartUp nation.

Please feel free to contact me at any time with any question, thought or doubt that you have and I will be happy to assist you.

See you soon!

Yael Sahar Rubinstein
